

Schedule 2

Framework Prices

[Note to drafter: The following are topics to be addressed in the Framework Prices schedule.]

Part 1 – General

1. How Framework Prices are used to calculate Call-Off charges

- General rules
- Reference to Part 2 where various pricing mechanisms and rates are stated

2. What is included/excluded in the Framework Prices

- Which costs and expenses are considered to be included? Which can be reimbursed (e.g. incidental expenses)?

3. Changes to Framework Prices

- When Supplier can ask to change framework prices
- How Supplier can request a change

Part 2 – Supplier's pricelist

1. Time and material mechanism

- When time and material pricing is used
- Day rates
- Possible applicable premiums (e.g. work carried out on weekend or holiday)

2. Catalogue pricing mechanism

- When is the catalogue pricing used
- Supplier catalogue (attached or made available through other means, e.g. government's supplier portal)

3. Other pricing mechanisms

- Supplier will tender the price in further competition procedures, when direct award is not allowed and neither catalogue or time & material pricing methods are applicable.
